Mr. Weisberg,

I just wanted to drop you a line and thank you for the time that you spent with me and for signing my books. The next time that I come over I will bring "Frame Up" so you can sign it.

I wrote to James Earl Ray and am awaiting a responce to my letter. As soon as I find the article about Ray getting a divorce I will cut it out and mail it to you.

I called Howard Donahue and I am going to meet with him some time next week. I will let you know what all he says about the secret service and their involvement in the assassination.

Once again I thank you for taking the time to help me out with my research. If you have to go to Hopkins Hospital before I get back to see you call me so I can visit you. (1-301-388-0577)

Respectfully,

Rlt C Waybright Jr
